Introduction

ABOUT WAREHOUSE GARDEN CENTRE

Welcome to Warehouse Garden Centre, your trusted source for wholesale plant cultivation based in the heart of Warrington. Our mission is simple yet impactful: to grow premium plants for UK plant and garden centre retailers, reducing the need for international imports and contributing to a greener future.

At Warehouse Garden Centre, we're passionate about sustainability, and our primary goal is to help lower the UK's carbon footprint. By cultivating locally, we not only provide retailers with exceptional plants but also play a vital role in reducing the environmental impact associated with long-distance imports.

Our commitment goes beyond mere carbon neutrality; we strive to remain carbon negative. Through eco-conscious practices, responsible sourcing, and energy-efficient cultivation methods, we actively work to offset more carbon than we produce.

When you choose Warehouse Garden Centre, you're choosing quality, sustainability, and a brighter future for our planet. Join us on our journey toward a more environmentally friendly and self-sufficient gardening industry. Thank you for being a part of our mission to cultivate greenery while leaving a smaller ecological footprint.

#No.1 UK Supplier

Our commitment

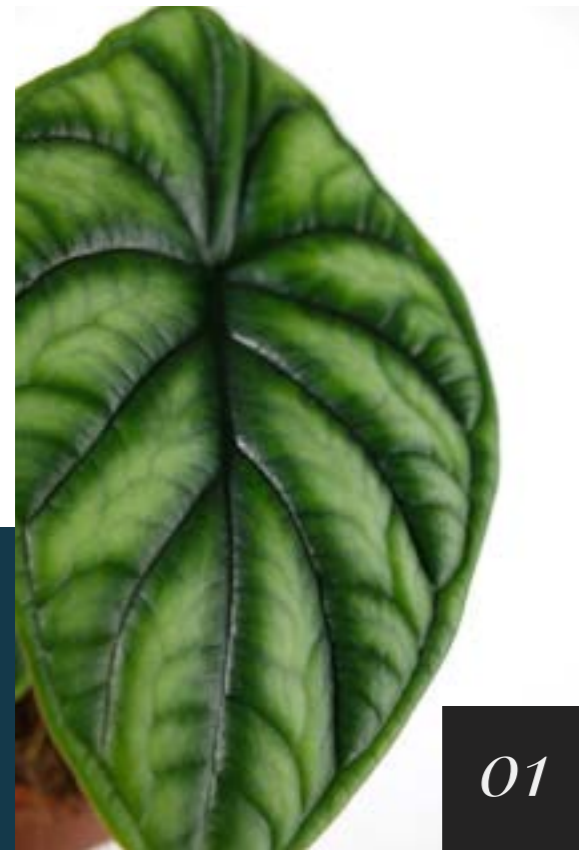

TOWARDS OUR CLIENTS

At Warehouse Garden Centre, we take pride in our unwavering commitment to being the top choice for garden centres and retailers across the UK. Motivated towards being industry leaders, we are dedicated to cultivating and delivering the healthiest, greenest, and most visually stunning tropical indoor plants. Our mission is to transform your business with the unparalleled quality and beauty of our plant offerings. Choose Warehouse Garden Centre to win over your customers and elevate your success in the world of indoor plant retail.

Benefit #1

BUYING FROM US MEANS FASTER DELIVERY

Warehouse Garden Centre ensures to provide quicker turnaround times, ensuring fresher plants for your customers. Based in the heart of Warrington with drivers covering areas across the UK, delivering plants to clients in a timely manner which suits business needs.

ALOCASIA DRAGON SCALE

Elevate your garden retail with the Alocasia Dragon Scale. Its captivating dragon-textured leaves make it a must-have for UK plant enthusiasts. High humidity and indirect light needs add to its allure, appealing to customers seeking exotic, distinctive botanicals. Boost sales with Alocasia Dragon Scale!

ALOCASIA TIGER (ZEBRINA)

Enhance your garden retail selection with the Alocasia Tiger (Zebrina). This striking plant features eye-catching zebra-like stripes on its leaves, making it a top choice among UK plant enthusiasts. With low maintenance requirements and a penchant for indirect light, it's a perfect addition for both beginners and seasoned gardeners. Draw in customers looking for unique and elegant botanicals to elevate their spaces. Elevate your sales with Alocasia Tiger (Zebrina)!

Benefit #2

REDUCED ENVIRONMENTAL IMPACT

Supporting local suppliers like us, reduces carbon emissions associated with long-distance shipping and supports eco-friendly practices. Warehouse Garden Centres aim to support our country in reducing our overall carbon footprint, making our country a better and healthier place.

ANTHURIUM

Elevate your garden retail with Anthurium. This iconic plant features glossy, heart-shaped leaves and vibrant, long-lasting blooms. A UK favorite, Anthuriums are low-maintenance, thriving in indirect light. Attract customers seeking sophistication for their indoor spaces. Boost sales with Anthurium's enduring charm!

CODIAEUM PETRA

Enrich your garden retail offerings with Codiaeum Petra. This captivating plant showcases a vibrant tapestry of multicolored leaves, adding a burst of brilliance to any collection. Adored by UK plant enthusiasts, Codiaeum Petra is low-maintenance and thrives in indirect light. Attract customers seeking striking, colorful foliage to enhance their

Benefit #3

PLANT ADAPTATION

At Warehouse Garden Centre, we take pride in offering UK-grown plants that are inherently adapted to local conditions. Our commitment to cultivating these plants means that you'll receive specimens that are naturally acclimated to thrive in the UK's specific climate and environment.

05

CALATHEA CROCATATA

This extraordinary plant showcases nature's own masterpiece with its exquisite, orange-scented flowers and captivating, patterned leaves. Cherished by UK plant enthusiasts, Calathea Crocata is a low-maintenance gem that flourishes in indirect light. Attract customers in search of natural elegance to elevate their indoor spaces. Elevate sales with Calathea Crocata's enchanting allure!

06

CODIAEUM VARIEGATUM VAR. PICTUM

Add a touch of nature's artistry to your inventory with Codiaeum Variegatum VAR. Pictum. This stunning plant features variegated leaves that captivate UK plant enthusiasts. It's low-maintenance and flourishes in indirect light. Attract customers seeking natural beauty for their indoor spaces. Boost your sales with Codiaeum Variegatum VAR. Pictum's captivating allure!

Benefit #4

SEASONAL VARIETIES:

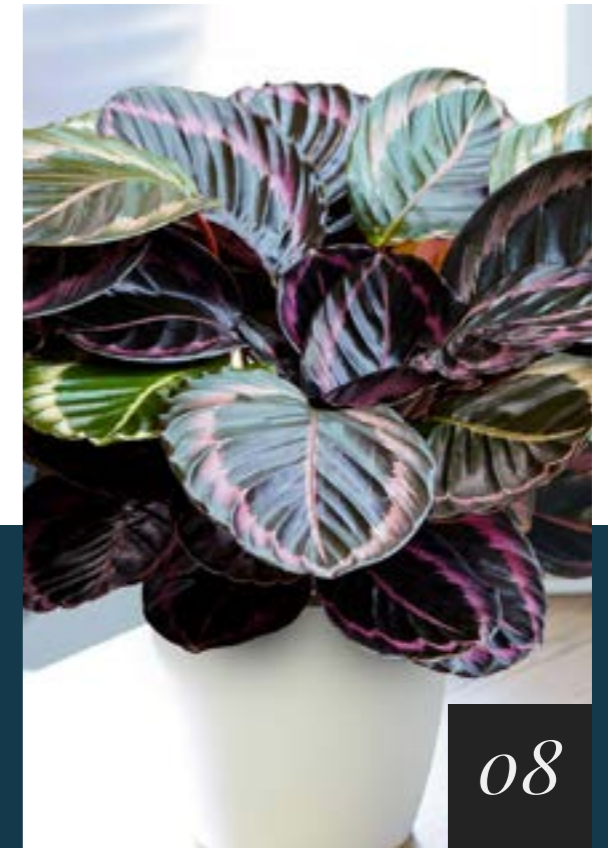

Warehouse Garden Centre takes pride in offering a diverse range of plants that are carefully curated to align with the seasons in the UK. Our commitment to being a local supplier means we can provide you with a wider variety of plants that are not only seasonally appropriate but also perfectly suited to the specific gardening needs of the UK. Whether it's spring, summer, autumn, or winter, you can rely on us to supply the ideal plant varieties that will flourish in the current season, ensuring that your garden centre's offerings remain fresh, appealing, and perfectly in sync with the UK's ever-changing seasons.

07

CALATHEA ORNATA

This elegant plant showcases nature's beauty with its striking pink stripes on lush, dark green leaves, making it a favorite among UK plant enthusiasts. It's low-maintenance and thrives in indirect light, making it an ideal choice for any skill level. Attract customers looking to bring a touch of natural elegance into their indoor spaces. Boost your sales with Calathea Ornata's enchanting allure!

08

CALATHEA ROSEO PICTA

This stunning plant features intricate pink patterns on lush green leaves, capturing nature's artistry and captivating UK plant enthusiasts. It's low-maintenance and thrives in indirect light, making it suitable for all levels of gardeners. Attract customers looking to infuse their indoor spaces with natural elegance. Boost your sales with the enchanting allure of Calathea Roseo Picta!

Benefit #5

REDUCED PEST AND DISEASE RISK

Warehouse Garden Centre places a strong emphasis on plant health and safety. By sourcing our plants locally, we significantly reduce the risk of introducing pests and diseases that are not native to the UK. Our plants are cultivated and nurtured in accordance with stringent health standards, ensuring that you receive specimens that are not only beautiful but also free from potential threats to your garden and the broader local ecosystem.

09

DRACAENA LEMON LIME

This vibrant plant features striking green and yellow leaves that instantly brighten up spaces and captivate UK plant enthusiasts. It's a low-maintenance choice, thriving in various light conditions. Attract customers looking to infuse a burst of natural freshness into their indoor environments. Boost your sales with the lively allure of Dracaena Lemon Lime!

10

EPIPREMNUM AUREAN (DEVILS IVY)

A plant of golden beauty. Its lush green and yellow leaves shine like nature's treasure, making it a favorite among UK plant enthusiasts. Low-maintenance and adaptable to various light conditions, it's an excellent choice for all skill levels. Attract customers seeking to infuse their indoor spaces with a touch of natural radiance. Boost your sales with the golden allure of Epipremnum Aureum!

Benefit #6

LOWER COSTS FOR YOUR BUSINESS

Warehouse Garden Centre offers competitive pricing for our UK-grown plants due to our elimination of import costs, tariffs, and shipping expenses. By choosing local sourcing, we can keep our costs down and pass those savings directly to our valued customers. This means you benefit from cost-effective pricing on high-quality plants, enhancing your ability to maintain competitive pricing for your own garden centre.

11

MONSTERA DELICIOSA VARIEGATA
SWISS CHEESE PLANT

Monstera Deliciosa Variegata, commonly known as the Swiss Cheese Plant. Its uniquely patterned, variegated leaves are nature's own work of art, making it a standout choice for UK plant enthusiasts. This low-maintenance beauty thrives in various light conditions, appealing to gardeners of all levels. Attract customers looking for a distinctive touch of natural elegance. Boost your sales with the captivating charm of the Monstera Deliciosa Variegata, the Swiss Cheese Plant!

12

GOEPPERTIA ORBIFOLIA
CALATHEA ORBIFOLIA

This elegant plant showcases nature's sophistication with its striking round leaves and delicate patterns, a favorite among UK plant enthusiasts. It's low-maintenance and thrives in indirect light, making it perfect for all levels of gardeners. Attract customers seeking to add a touch of natural beauty to their indoor spaces. Boost your sales with the captivating allure of Goeppertia Orbifolia (Calathea Orbifolia)!

Benefit #7

TAILORED VARIETIES

At Warehouse Garden Centre, we take pride in our ability to offer a wide range of plant varieties that are tailored to match both regional and customer preferences throughout the UK. Our local sourcing and cultivation approach allow us to be highly responsive to the specific needs and tastes of different regions.

MONSTERA ADANSONII
MONKEY MASK PLANT

This charming plant features uniquely shaped leaves that add a touch of whimsy to any space, making it a favorite among UK plant enthusiasts. It's low-maintenance and thrives in various light conditions, appealing to gardeners of all levels. Attract customers seeking to infuse their indoor spaces with a quirky and natural charm. Boost your sales with the captivating allure of Monstera Adansonii, the Monkey Mask Plant!

MARANTA LEUCONEURA VAR.
ERYTHRONEURA 'LEMON LIME'

This vibrant plant features eye-catching patterns and shades of green, making it a delightful choice for UK plant enthusiasts. Low-maintenance and adaptable to various light conditions, it's suitable for all gardening levels. Attract customers looking to add a splash of natural vivacity to their indoor spaces.

Benefit #8

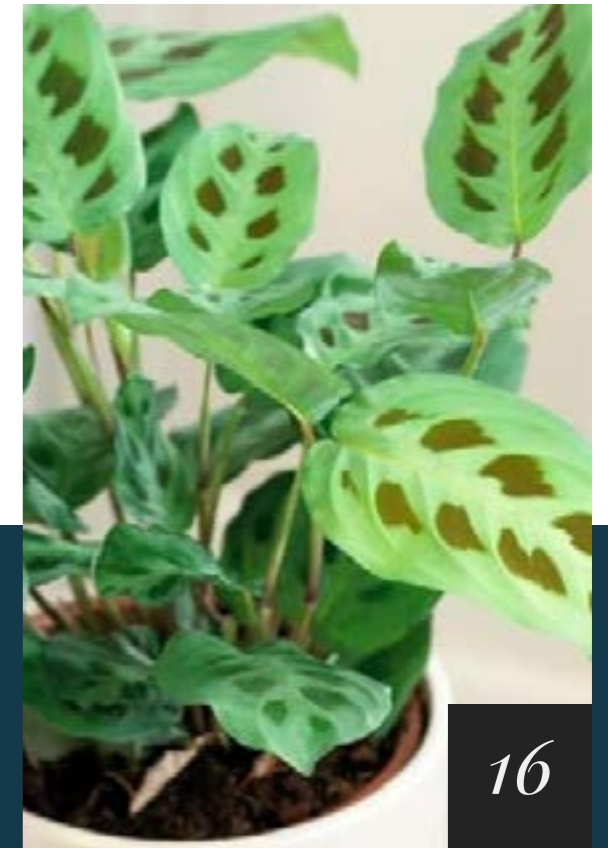

SUPPORTING LOCAL ECONOMY

When you choose to source your plants from Warehouse Garden Centre, you're not just investing in quality greenery; you're also actively contributing to the growth and vitality of the domestic horticultural industry. Supporting local suppliers like us strengthens the UK's horticultural sector, fostering economic growth, and creating employment opportunities right here at home.

MONSTERA PINNATIPARTITA

This unique beauty boasts intricate leaves that add a touch of elegance to any space, captivating UK plant enthusiasts. Low-maintenance and adaptable, it's suitable for gardeners of all levels. Attract customers looking to infuse their indoor spaces with distinctive natural charm.

MARANTA KERCHOVEANA
PRAYER PLANT

Maranta Kerchoveana, also known as the Prayer Plant. Its graceful foliage adds a touch of natural beauty that appeals to UK plant enthusiasts. Easy to care for and adaptable, it suits gardeners of all skill levels. Attract customers seeking to bring a dash of natural elegance into their indoor spaces.

Benefit #9

ENHANCED CUSTOMER TRUST

Customers often have a strong preference for locally grown plants because they are associated with quality and reliability. The reputation of UK-grown plants for thriving in local conditions, being well-acclimated, and having undergone strict health and quality control measures builds trust with customers. They are more likely to have confidence in the plants you offer, knowing that they are sourced from trusted local suppliers like us.

17

SCHEFFLERA ARBORICOLA
GOLD CAPELLA

Elevate your plant selection with Schefflera Arboreola Gold Capella. Its radiant, variegated leaves bring an air of elegance that's sure to captivate UK plant enthusiasts. This low-maintenance gem thrives in various conditions, making it suitable for all levels of gardeners. Attract customers looking to infuse their indoor spaces with a touch of natural opulence. Boost your sales with the enchanting allure of Schefflera Arboreola Gold Capella!

18

TRADESCANTIA (ZEBRINA)

Add a splash of natural vibrancy to your collection with Tradescantia Zebrina. This captivating plant features striking, trailing stems adorned with vibrant, variegated leaves, making it a favorite among plant enthusiasts in the UK. Low-maintenance and adaptable, it's perfect for gardeners of all levels. Attract customers looking to infuse their indoor spaces with a vivid tapestry of natural beauty.

Benefit #10

CUSTOMISED SUPPORT

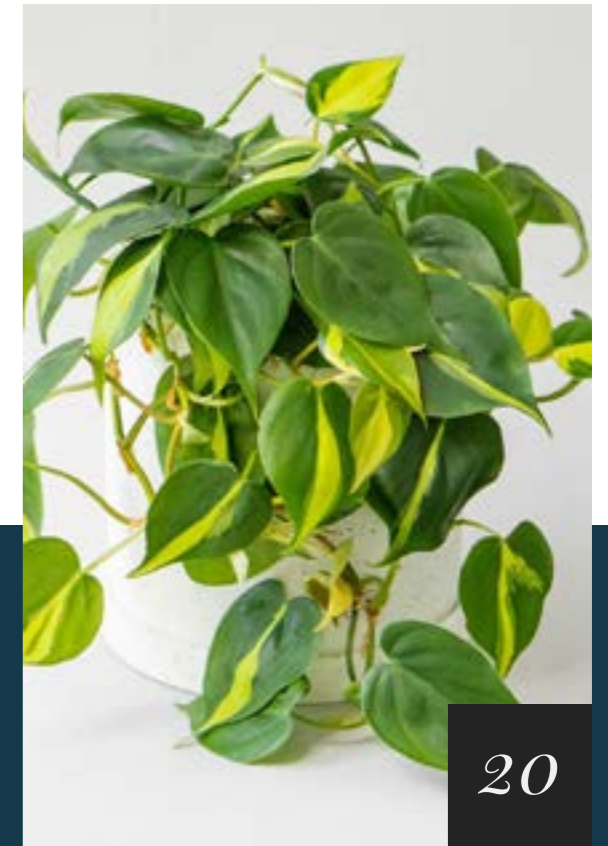

At Warehouse Garden Centre, we understand that every garden centre is unique, with its own set of needs and challenges. That's why we go beyond simply supplying plants - we offer personalised guidance and support tailored specifically to the needs of UK garden centres.

19

SPATHILIUM VARIAGATA
PEACE LILLY

Elevate your plant collection with Spathiphyllum Variagata, the Peace Lily. Its timeless beauty and variegated leaves add a touch of natural elegance, appealing to UK plant enthusiasts. Low-maintenance and adaptable, it suits gardeners of all skill levels. Attract customers seeking to bring a sense of peace and grace into their indoor spaces.

20

PHILODENDRON SCANDENS
HEART LEAF

Elevate your plant collection with Philodendron Scandens, also known as the Heartleaf. Its graceful heart-shaped leaves bring a touch of natural charm that appeals to UK plant enthusiasts. Low-maintenance and adaptable, it suits gardeners of all levels. Attract customers seeking to infuse their indoor spaces with a heartfelt touch of natural beauty.

Benefit #11

SUSTAINABILITY

When you partner with Warehouse Garden Centre, you're not just offering beautiful plants; you're aligning with sustainable and ethical practices that resonate with environmentally-conscious customers. Together, we can contribute to a greener future for the UK's horticultural industry while meeting the demands of a growing eco-conscious market.

PILEA PEPEROMIODES
CHINESE MONEY PLANT

Invite good fortune into your indoor spaces with the Chinese Money Plant. This unique houseplant, with its distinctive round leaves, is a symbol of wealth and prosperity. Loved by UK enthusiasts, it's low-maintenance and perfect for any level of gardener. Attract customers looking to bring a touch of prosperity and natural beauty into their homes.

MARANTA FASCINATOR
PRAYER PLANT

This exquisite plant boasts intricate patterns on its leaves, adding a touch of natural elegance to your space. Adored by UK plant enthusiasts, the Maranta Fascinator is low-maintenance and ideal for all gardening levels. Attract customers looking to infuse their indoor spaces with a dash of natural beauty.

Placing your order

WITH WAREHOUSE GARDEN CENTRE

Step 1: Schedule a Showroom Visit

Begin your journey with Warehouse Garden Centre by scheduling a visit to our expansive showroom. Here, you'll have the opportunity to witness firsthand the quality and variety of our plants currently in production. We encourage you to explore our wide range of greenery, providing you with a tangible sense of our commitment to excellence.

Step 2: Consultation with Our Team

Upon your arrival, you'll be warmly greeted by a dedicated member of our team. They will sit down with you to understand the unique requirements of your business. This consultation is vital in ensuring that we tailor our offerings to precisely match your needs. Whether you're looking for specific plant varieties, sizes, or quantities, our team is here to assist you.

Step 3: Personalised Recommendations

Following our discussion, we'll provide you with personalized recommendations based on your preferences and business requirements. We take pride in our expertise and in-depth knowledge of plants, enabling us to suggest the best options for your specific application. You can trust that our recommendations are rooted in years of experience and a commitment to your success.

Step 4: Selecting Growth Stages

At Warehouse Garden Centre, we understand that each business has unique timelines and requirements. You'll have the flexibility to choose the growth stage at which you'd like to acquire your plants. Whether you prefer fully matured plants or younger ones that you can nurture, we'll accommodate your preferences.

Step 5: Ensuring Quality Assurance

Quality is at the core of our commitment to you. Rest assured, each plant undergoes rigorous quality control measures at every growth stage. We take pride in delivering healthy, vibrant, and meticulously cared-for plants that will enhance your business's reputation.

Step 6: Finalising Your Order

Once you've made your selections and are satisfied with our recommendations, we'll proceed to finalize your order. Our transparent pricing and straightforward ordering process ensure that there are no surprises, and you have a clear understanding of the investment.

Step 7: Delivery and Support

As part of our service, we offer efficient delivery options to ensure your plants arrive safely and on schedule. Warehouse Garden Centre is not just a supplier; we're your partner in success. We remain available for ongoing support, answering any questions and providing guidance to ensure the continued health and vitality of your plants.
